SUPERINTENDENT'S REPORT

To the School Board and Citizens of Dalton:

It is with pleasure that I submit my annual report relative to your schools.

School opened in September with a full staff of teachers and an enrollment of eighty-seven pupils. Mrs. Gladys Fearon returned to the staff after a leave of absence due to illness, and began the new year as teacher of Grades 5 and 6 to replace Mrs. Claribel Blakslee who retired from teaching. Mrs. Mildred Lamotte of Lunenburg was elected teacher of Grades 1 and 2. Mrs. Lamotte received her training at Lyndon Teachers and had a number of years' experience in Vermont schools. It was only several months after the opening of school that illness overtook Mrs. Lamotte and after an emergency operation in the Lancaster Hospital, she died suddenly on January 27, 1961. Since that date Mrs. Fearon has transferred to the primary grades and Mrs. Blakslee agreed to substitute in Grades 5 and 6 until a replacement was found.

The enrollment in Grades 1 and 2 this year has reached thirty-five, with twenty-one pupils enrolled in Grade I. This has made a difficult situation for the teacher in those grades. The enrollment in the other two rooms stands at twenty-six pupils each at the time of writing this report.

The budget for the school year 1961-1962 is somewhat higher than that of the present year. Two factors are responsible for the increase, namely, teachers' salaries and tuition. High school tuition charges have increased by $35.00 per pupil and the number of pupils this next year in the high school will increase. The elementary tuition charges will remain the same. There is a possibility, however, that additional state aid may be forthcoming but there is nothing definite at this time.

The school lunch program continues to operate with the majority of children participating. Federal foods are still available and some federal funds are available for the milk program.

This past year a number of teaching aids in mathematics and science were purchased for the school with matching funds under Title III of the National Defense Education Act. These are proving most helpful.

Included in this report will be found the report of the school nurse who is carrying on an excellent health program for your children. You will also find statistical report, financial report, tuition list and teacher list.

In closing, I wish to express my appreciation to the citizens of Dalton, the school board and other school district personnel for their continued support.

Respectfully submitted,

LESLIE S. CUMMINGS
